SCIENTIFIC PROGRAM

The Scientific Program consists of three main lectures, communications, a poster session and a symposium. The three lectures are plenary sessions; three simultaneous sessions have been scheduled for the afternoons.

SCHEDULE

Thursday, September 19, 1991

15:00-19:00 Registration of participants

18:30 Welcome Cocktail in Palazzo Vecchio, Salone dei Cinquecento

Friday, September 20, 1991

8:30- 9:00 Welcome (Room A)

Session I, Communications (Room A)

Chairmen: L. Amaducci, F. Antonelli, P. Berner, J.A. Cotterill, C.S. Koblenzer

9:00 C.S. KOBLENZER - *Psychophysiology and psychopathology of touch*

9:12 C. FARAVELLI, A. PAZZAGLI - *Childhood environment, parental attitudes and psychic-psychosomatic disorders*

9:24 R. ARGENTIERI, S. ARGENTIERI - *Hair loss indicative of bond loss in infantile alopecia areata*

9:36 T. SIVIK - *Alexithymia and hyper-sensitivity to touch and palpation*

9:48 U. GIELER, U. STANGIER, B. KOLSTER - *Psychoendocrine and subjective reactions of patients with chronic urticaria under standardized stress*

10:00 G.K. KHAN, A.Y. FINLAY, M.S. SALEK - *Assessment of psychosocial and physical disability in acne patients using self-administered methods*

10:12 J.A. COTTERILL - *Suicide in dermatological patients*

10:24 J. DE KORTE - *Psychodermatology: psychodynamics in organization and management*

10:36 J.Y.M. KOO - *Differential diagnosis of monosymptomatic hypochondriacal psychosis*

10:48 Y. VAN ROOD - *The scratching patient: behavioral treatment*

11:00 E. PANCONESI, A. COSSIDENTE, A. LUMACHI, A. DANESI - *Psychosocial aspects of sexually transmitted diseases. The mental component in sexual infections*

11:12-12:15 Discussion

12:15-13:00 Lecture (Room A)

'Non-verbal communication during the dermatological consultation', J.A. COTTERILL - Leeds

13:00-15:00 Lunch and poster viewing

Session II, Communications (Room C)

Chairmen: G. Fava, G. Fossi, H. Musaph

15:00 U. WIENAND - *Epistemological problems in the use of the concepts of 'self', 'body-image-boundary' and 'skin containment'*

15:12 J. REIFFERS-METTELOCK - *The baby, the child, the young adult and dermatology*

15:24 R. CUTAJAR, P.P. ROSSI - *Study on the perception of body image limits in a group of dermatologic patients*

15:36 A.P. VERRI, G. ORECCHIA, A. BORDO, L. PERFETTI, G. FIZZOTTI - *Self image in late adolescents with vitiligo and/or alopecia*

15:48 G. ACETO - *The silence and the mask: a psycho-analytic reading of the possible messages involved in skin diseases*

16:00 P. TACELLI, G. ACETO - *The signs on the body: phenomenological notes on analytic treatment of two psycho-dermatological cases*

16:12 C. SARACENI - *Underlying personality and concept of self in certain dermatological affections*

16:24 A. SONNINO, I.A. RUBINO, M. CIELO, R. BASSI, N. CIANI - *Factors of alexithymia in psoriasis*

16:36 L. FEI, M. ROSSELLI - *Alexithymia: a critical review of the concept and of the investigational methods*

16:48 M. BUCCA, G. BERUTI, P. DE STEFANI, L. CASSOLA - *Alexithymia and dermatologic disorders*

17:00-17:30 Discussion

Session III, Communications (Room B)

Chairmen: B. Giannotti, J.Y.M. Koo, M. Nardini, W. Pasini

15:00 G.A. PATELLA - *The projective mechanism in psychosomatic dermatology*

15:12 V. RAPISARDA, R. FURNARI, A. PUMO - *The psychosomatic approach in dermatology. Therapeutic practice with substances in infinitesimal doses*

15:24 P.L.P. JONCKHEERE, A. BOURLOND - *A psychosomatic interpretation of psoriasis. A critical analysis of 30 cases*

15:36 V. DJURAN, M. JOVANOVIĆ, G. MIŠIĆ-PAVKOV, M. POLJAČKI, Z. NOVOCIC, S. MILOŠČIN - *Psoriasis: psychosomatic aspects*

15:48 M.S. TRASHLIEVA-KOITCHEVA, I.B. IGNEV, D.K. GOSPODINOV - *Psoriasis and stress*

16:00 I.H. GINSBURG, B.G. LINK - *Impact of being rejected and feeling stigmatized due to psoriasis*

16:12 M.W. HENGEVELD, I. VAN DORSSSEN, B. BOOM - *Sexuality in psoriasis and atopic dermatitis patients: a cross-sectional study*

16:24 C. GALA, G. MANCA, M. POLENGHI, T. TAVOLA, M.L. BARCELLA - *Stressful life events associated with psoriasis and alopecia*

16:36 A. SAPUPPO, E. PANIZZA, R. LICASTRO, A. PETRALIA, S. ZERBO, V. RAPISARDA - *A study on the personality of 50 immunologically typed subjects with alopecia areata under treatment with SADBE*

16:48 E. AGUGLIA, E. PASCOLO, M. DE VANNA, V. PERKAN, N. BRAIDA - *Biological and psychopathological aspects in the pathogenesis of urticaria*

17:00-17:30 Discussion

Session IV, Communications (Room A)

Chairmen: S. Argentieri, P. Fabbri, P.J. Koblenzer

15:00 A.C. BASILE, C. ROMANO, S. NICOLAOU - *Psychodiagnostic investigation of patients with alopecia areata*

15:12 A. GÜRLER, H. TUĞCU, I. SAYIL, C. ERDEM, R. ANADOLU YAVUZER, S. SENER, A. ALTUNDAĞ - *Psychiatric symptomatology of Behçet, psoriasis and alopecia patients*

15:24 G. NABARRO, W.A. VAN VLOTEN, F.J. VAN SANDWIJK, W.J. KOERS - *Atopic dermatitis and psychiatric symptoms*

15:36 N. PESESCHKIAN - *Psycho-social aspects of neurodermatitis constitutionalis*

15:48 D.M.J. DE RAEYMAECKER - *Eczema in childhood: from infancy to adolescence the value of case histories, drawings and CBCL scores*

16:00 M.F. MIHOUT, P. LAURET - *Psychogenic pruritus: psycho-pathological and therapeutical aspects*

16:12 A. LUCATTINI, C. SARACENI, R. CAPIZZI - *Lichen ruber planus: Psychological aspects*

16:24 S. ZADRO-JAEGER, M. MUSALEK - *Acne excoriée-part I: psychiatric view*

16:36 W. GEBHART, C. BRÖSNER, W. JURECKA, J. SCHMIDT - *Acne excoriée-part II: the dermatologist's view*

16:48 P.J. KOBLENZER - *Psychocutaneous disease. Is it always «Psycho»?*

17:00 M. BARUCCI - *Aesthetic handicaps and mental deterioration*

17:12-17:30 Discussion

17:30-18:15 Lecture (Room A)

'Psychopathology of AIDS', M. MAJ - Naples/Geneva

Saturday, September 21, 1991

Session V, Communications (Room A)

Chairmen: G. Germano, U. Gieler, P. Marasco, M. Rigatelli

8:30 G. GERMANO, M. FERRARA - *Boundaries, ties, horizons. A reflection on the relationship between psychiatry and psychosomatics after the psychiatric reform in Italy*

8:42 C. DAILLIE, D. STORER, J.A. COTTERILL - *A joint dermatology/psychiatry liaison clinic*

8:54 M.G. SARTI, A. COSSIDENTE, A. DANESI, E. PANCONESI - *Liaison consultation methods used in the Unit of Psychosomatic Dermatology, University of Florence*

9:06 F. MADIONI - *Psychiatric consultation-liaison in dermatology at the Hôpital Cantonal Universitaire de Geneva*

9:18 M. RIGATELLI, M. BIANCHINI, L. CALDIRONI - *The psychiatric-psychosomatic consultations in Modena University Hospital Department of Dermatology. The present state and the perspectives*

9:30 C.K. BRIDGETT, R.C.D. STAUGHTON - *The liaison clinic at Westminster Hospital - The first two years: cases, ideas, problems... and solutions?*

9:42 M.M. POLENGHI, C. GALA, R. GUZZI, M.L. BARCELLA, A. MORLEO, E. PEREGO, A.F. FINZI - *Psychoneurophysiological profiles of dermatological patients*

9:54 G. DONADELLO, P. D'ANGELO, L. PERUGINI, M. BASSI, A. AMADEI - *Burn center and consultation/liaison psychiatry: an epidemiological contribution*

10:06 K.-M. TAUBE, C. BAUMGÄRTNER, A. SCHNEIDER, A. WOLLSCHLÄGER - *Psychodermatology in East Germany*

10:18 A. SUMAN, R. FIGINI SIMONCINI, A. LUMACHI, E.M. DIFONZO - *The pathobiographic method in dermatological patients*

10:30 M. SCHUNTER - *Working with a Balint-group for dermatologists*

10:42 U. STANGIER, U. GIELER, A. EHLERS - *Development of a questionnaire to measure coping with atopic dermatitis*

10:54 E. ELBERG - *The factors influencing the sufferings of psoriatic patients*

11:06 G. MIŠIĆ-PAVKOV, Z. NOVOVIC, S. MILOŠČIN, V. DJURAN, S. SELAKOVIĆ-BURŠIĆ - *The role of neuroticism in pathogenesis of psoriasis*

11:18-12:15 Discussion

Session VI, Symposium (Room B)

'The psychopathology and management of psychiatric diseases with dermatological expression'

Chairmen: P. Berner, E. Lungershausen, E.M. Difonzo

8:30 P. BERNER - *Introduction*

8:42 B. CALLIERI - *Psychopathological problems of Ekblom's syndrome*

8:54 M. MUSALEK, S. JAEGER, V. PASSWEG - *The psychopathology and management of delusional parasitosis*

9:06 M. BOURGEOIS - *Self injurious behaviour: psychopathology, psychobiology and management*

9:18 H. WALTER, M. HAJJI, O.M. LESCH, M. MUSALEK, P. PASSWEG - *Psychopathology and management of factitious disorders*

9:30 T.A. MÖSLER, E. LUNGERSHAUSEN - *New findings concerning the course of bromidrosophobia*

9:42 P. JARASCHKY, P. HOFMANN, O.P. HORNSTEIN - *Psychogenic glossodynia: a follow-up study on patients with burning mouth syndrome*

9:54 J.A. COTTERILL - *Management of psychiatric diseases with dermatological expressions: A dermatologist view*

10:06 M. CESA-BIANCHI, N. SAMBVANI, M. MONTI - *Delusional parasitosis: presentation of a clinical case of 'folie à trois'*

10:18 W. TRABERT - *Epidemiology of delusional parasitosis*

10:30 W. TRABERT, F.A. BAHMER - *Interdisciplinary approaches in the treatment of delusional parasitosis*

10:42 C. BOTSCHEV, N. MÜLLER - *Investigations into the endogenous opiate system of patients suffering from delusion of parasitosis (DOP)*

10:54-12:15 Discussion

12:15-13:00 Lecture (Room A)

'Psychopharmacological therapy of dermatological disorders. Problems of psycho-somatic interaction', P. PANCHERI - Rome

13:00-15:00 Lunch and poster discussion

Session VII, Communications (Room A)

Chairmen: L. Andreassi, P.L. Cabras, I. Maremmani, M. van Moffaert

- 15:00 P.L. CABRAS, D. LIPPI, E. CAMPANINI - *Pellagra psychosis: an historic bridge between psychiatry and dermatology*
- 15:12 C. GALA, M. POLENGHI, T. TAVOLA, A. MORLEO - *Neurotic traits and disease duration in dermatologic illness*
- 15:24 R. GRIMALT, F. GRIMALT, J. MASCARÒ - *Patients, who had been discharged by a psychiatrist after suffering from a major depressive psychosis, consulting for dermatological disorders related to a masked depression*
- 15:36 K. FRUENSGAARD - *Psychological "functions" in self-inflicted diseases and associated syndromes*
- 15:48 J.E.M. PLEKKER, R.W. TRIJSBURG, K. TIO, B. NAAFS - *Dermatitis artefacta and psychotherapeutic treatment in a clinical setting*
- 16:00 H. MUSAPH - *Dermatitis artefacta in incest victims*
- 16:12 C. GELMETTI, R. GRIMALT - *Clinical and legal problems in one case of Munchausen by proxy*
- 16:24 A. TRIDENTI, S. BOCCHIA - *Psychopathology and psychodynamics of trichotillomania*
- 16:36 M. BOURGEOIS, H. VERDOUX, F. PEYRE - *Trichophobia. A case of chronic hair delusion in a bipolar patient*
- 16:48 S. FIUME, A. GALLESE - *Tattoos and their psychopathological implications*
- 17:00 C. SCHEPIS, R. PALAZZO, E. SPINA, B. GUARNERI - *Prevalence of dermatoses in psychiatric inpatients*
- 17:12 C. SCHEPIS, R. PALAZZO, R.M. RAGUSA, C. BARLETTA, E. SPINA - *Cutis verticis gyrata and psychiatric disorders: an epidemiologic and cytogenetic study*
- 17:24 S. CARRARO, P. MORO, A. LIS, R. BASSI - *Development of sexual identity in patients with idiopathic hirsutism*

17:36-18:30 Discussion

Session VIII, Communications (Room B)

Chairmen: P. Benvenuti, A.F. Finzi, J. Reiffers Mettelock, M.G. Sarti

- 15:00 C.S. KOBLENZER - *The use of psychotropic drugs in dermatology*
- 15:12 R. DIJKSHOORN - *Hypnotherapy as a stressreducent and specific suggestions in the treatment of dermatological problems*
- 15:24 M. JOVANOVIC, P.V. HARRISON - *Hypnotherapy for alopecia areata*
- 15:36 M. PELC - *Psychotherapy in treatment of psoriasis*

- 15:48 S. FIUME, A. GALLESE - *The influence of convulsant therapy on a skin disease, with unknown aetiology: psoriasis*
- 16:00 M.M. POLENGHI, C. GALA, R. GUZZI, M.L. BARCELLA, A. MORLEO, M. PREVIATO, A.F. FINZI - *Biofeedback training for psoriasis and alopecia areata*
- 16:12 J. BRÄUER, U. STANGIER, G. FREILING, A. EHLERS, U. GIELER - *Atopic dermatitis education programme in the practical guidelines to psychosomatic approaches*
- 16:24 F.J. VAN SANDWIJK, G. NABARRO, W.A. VAN VLOTEN, W.J. KOERS - *Psychosocial treatment for patients with atopic dermatitis*
- 16:36 B. BROSIG, R. WOIDERA, E. BRAEHLER - *What happens during psychoanalytic treatment of psychosomatic disorders: a time series analysis of a case of neurodermatitis and asthma*
- 16:48 S.G. CONSOLI - *Idiopathic burning of the vulva: a psychoanalytical approach*
- 17:00 W.M. GOULD, T.M. GRAGG - *Liaison clinic therapy of patients who excoriate*
- 17:12 R. DE BERNART - *Family therapy treatment of dermatological diseases*

17:24-18:30 Discussion

Session IX, Communications (Room C)

Chairmen: R. Argentieri, C. Faravelli, M. Musalek

- 15:00 T. LOTTI, P. CAPPUGI, G. HAUTMANN, M.G. SARTI, E. PANCONESI - *Neuropeptides: a meeting point between biological and mental*
- 15:12 F. HOUTMEYERS, C. COBBAERT, I. BOERSMA - *Measurement of the stress parameter xanthurenic acid by HPLC after solid-phase extraction*
- 15:24 I. BOERSMA, F. HOUTMEYERS, C. COBBAERT - *Strain and dermatoses: results of a study among hospitalized patients*
- 15:36 I. BOERSMA, C. COBBAERT, F. HOUTMEYERS, R. ROELANDTS - *Strain and psoriasis: results of a follow-up study*
- 15:48 A. MORRONE, S. PASSI, F. IPPOLITO - *Possible neural origin of vitiligo*
- 16:00 M. BERG, B. ARNETZ - *Skin complaints and work at visual display units (VDUs): a psychophysiological approach*
- 16:12 A.P. VERRI, S. CAIROLI, L. RUIZ, A. BORDO, A. BREGA, M. MOSCA, S. UBEZIO, G. SANDRINI - *Psychoimmunological and neurophysiological aspects of atopic dermatitis*
- 16:24 V. VOLTERRA, D. DE RONCHI, M. DEGLI ESPOSTI, M. GORINI, A.M. COSTA, B. CURTO, E. RICCHI, P. COSTIGLIOLA - *Neuropsychiatric aspects in HIV infected patients with seborrheic dermatitis*

16:36-18:30 Discussion

Posters

- 1 - A. COSSIDENTE, M.G. SARTI, R. FIGINI SIMONCINI - *Results and use of battery of psychological tests (PSYCHON TEST SERIES) in dermatological patients*
- 2 - R. FIGINI SIMONCINI, M.G. SARTI, A. RIZZO, S. TAROCCHI - *Autogenic training in psychosomatic dermatology*
- 3 - A. COSSIDENTE, A. DANESI, R. FIGINI SIMONCINI, A. LUMACHI, M. MARTINI, M.G. SARTI, A. SUMAN, E. PANCONESI - *Index of psychosomaticity. The method and latest results*
- 4 - R. FIGINI SIMONCINI, A. PICCINI, A. PATRIARCA - *Group psychotherapy: experiences with dermatological patients*
- 5 - R. FIGINI SIMONCINI, A. SUMAN, A. LUMACHI, S. TAROCCHI, A. GENTILI - *Pathobiography: history of a case*
- 6 - P. CAPPELLOTTO - *Hemispheric specialization and psychotherapy with mental imagery in psychiatric patients with psychosomatic diseases*
- 7 - M. PEREZ, L. PUIG, J. WULFF, V. GARCIA-PATOS - *Stress, anxiety and depression in dermatologic disorders*
- 8 - F. FASOLO - *Boundaries and group psychotherapy: an isomorphic perspective on dermatology and psychiatry*
- 9 - A. D'ANGELO, L. TURCO, E. VOZZOLO - *Skin: biological and psychopathological correlations*
- 10 - M. MARTINI, G. KRAMPEN, A. GENTILI, F. PERRELLI, S. TAROCCHI - *Self-related cognitions and emotions of patients with alopecia areata and androgenic alopecia*
- 11 - C. CALANDRA, V. TRASSARI - *The skin in aggressive behavior*
- 12 - M. MATERA, E. RAPISARDA, S.M.G. GILOTTA, R. DE PASQUALE, T. DI PRIMA - *Senile pruritus: is this an organic-psychic or a psychic-organic disease?*
- 13 - M. MASINA, V. CHIOMA, C. SACCHET, G. MARZARA - *Pruritus sine materia in elderly psychiatric patients*
- 14 - A. LAIHINEN - *Itching and scratching in dermatoses leading to a chronic state. A 20-year follow-up study*
- 15 - V. MEINEKE, I. STUMPF, H.J. GLOWANIA, O.B. SCHOLZ - *Influence of hospitalization on psychoimmunological parameters of atopic skin patients*
- 16 - O. BOUDGHENE-STAMBOULI, A. MERAD-BOUDIA, B. BACHIR - *Chronic urticaria: psychogenetic aetiology*
- 17 - Z. NOVOVIĆ, S. MILOŠČIN, G. MIŠIĆ-PAVKOV, V. DJURAN - *Subjective stress evaluation of psoriatic patients*
- 18 - F.M. SHANSIS, D.M. SHANSIS, A.T.A. SARAIVA, H.A. PONZIO - *Psoriasis and stress: a case-control study in Brazil*
- 19 - N. MÜLLER, B. GIZYCKI-NIENHAUS, W. GÜNTHER, M. MEURER - *Psychiatric disorder as a cerebral manifestation of systemic scleroderma*
- 20 - A.P. VAN DAM, E.M. WEKING, H.A.P.C. OOMEN - *Psychiatric symptoms as features of systemic lupus erythematosus*
- 21 - R. GRIMALT, F. GRIMALT - *Delusion of parasitosis: an undescribed finding among the debris of the small box brought by the patient as proof of the presumed parasites*
- 22 - C. GELMETTI, C. RIGONI, M.V. BERETTA, G. SCARABELLI, R. GRIMALT - *Thirty-one cases of dermatitis artefacta in adults*
- 23 - M. PUOTI - *Ectoparasitosis and psychiatric pathology*
- 24 - D.J. KUSHON, K.M.K. LAU, J.M. WILLIAM, J.W. HELZ - *Delusions of parasitosis: psychiatric and entomological aspects*
- 25 - C. SCHEPIS, C. ROMANO, R. PALAZZO, G. FABRIZI - *Severe alopecia in mentally retarded children: two cases with different diagnoses*
- 26 - A. BAMMEL, W. STERRY, R. STERN - *Male pattern alopecia and minoxidil-meta-analysis of subjective and objective assessment of efficacy*
- 27 - C. MAFFEI, F. RINALDI, A. FOSSATI, L. MAESTRONI, F. CAPPIO - *Incidence and role of personality disorders in trichologic consultation*
- 28 - J. KRAUSE - *The transmission of allergic symptoms from man to man: a case of chronic paranoid schizophrenia*
- 29 - F. GABRIELLI, E. RASORE, F. TOMASI, B. BERRUTI, S. NERI - *The skin and psychosomatic expressivity: one clinical history*
- 30 - O. SAN MARTINO, M. BARNADAS, J. PEREZ BLANCO, V. PEREZ SOLA, J.J. CASTILLON - *Psychopathology incidence in patients with oral aphthae*
- 31 - A. SUMAN, A. RIZZO, A. GENTILI, T. LOTTI, E.M. DIFONZO - *Is lipomatosis dolorosa a psychosomatic affection?*
- 32 - E.M. DIFONZO, A. COSSIDENTE, M.G. SARTI, A. SUMAN, E. PANCONESI - *Glossodynia: a problem in liaison*
- 33 - C. ROBITSCHER - *The hidden meaning of the dermatoses of three patients as seen during analysis*
- 34 - A. BUCALO, M. COTTONE - *The interpersonal problems of Crohn's disease patients*
- 35 - P. GRITTI, G. COLELLA, M. DE VITO, F. DE LUCA - *An experimental study on psychopathological correlates of oral lichen*
- 36 - G.M. PALLESCHI, A. MASTROLORENZO, E. PANCONESI - *Persistent eruptive multiple common warts in a subject with psycho-induced immunodeficiency*
- 37 - D. BERARDI, G. FERRARI, R. ZANFINI - *Seborrheic dermatitis in patients treated with high doses of neuroleptics*
- 38 - O. BOUDGHENE-STAMBOULI, A. MERAD-BOUDIA, B. BACHIR - *Gorlin syndrome evolving in a family psychosis*
