

European Society for Dermatology and Psychiatry

e-mail: president@psychodermatology.net

www.psychodermatology.net

Dear Colleague,

The European Society for Dermatology and Psychiatry was established some decades ago and is a body which is growing in influence and stature globally. Although we are currently called ESDaP, we plan to change our name to The European Society for Dermatology and Psychosomatics in the near future as we recognise that our membership is very multiprofessional, and we very much embrace and value nursing, research, epidemiological, psychology and other colleagues. Also, we embrace our non-European members (from across the globe) as being crucial to the growth of global psychodermatology.

We invite you to join the European Society for Dermatology and Psychiatry.

What are the benefits of ESDaP membership?

- Up to date information on psychodermatology
- Great network opportunity with other experts across Europe and beyond
- Well attended stimulating meetings
- Meet with international experts in Dermatology, Psychology and Psychiatry
- A forum to present and discuss your own research.
- Reduced registration fee for next international ESDaP congress

- Online access to the Acta Dermato-Venereologica, our collaborative journal
- Reimbursement of a part of your publication fee in Acta Dermato-Venereologica (under conditions see this topic on the website) What happens?
- Major international Congress every two years
- Subspecialty meetings at the yearly congresses of the European Academy of Dermatology and Venereology
- Education in Psychodermatology
 - o Our psychodermatology ESDaP Diploma course is available to members at special rates.

ESDaP's ultimate aim is to improve patient care by putting into practice insights from research in psychodermatology. Membership is open to all European and non-European doctors, psychologists and researchers. Other health professionals interested in the interface between Dermatology, Psychiatry and Psychology can apply for associate membership (no voting right). Trainees can apply for a reduced membership fee. How to join ESDaP? Complete the application form and fax it to the Treasurer Dr Françoise Poot +3271358164 . You can also scan it or make a photo and send it by email at treasurer@psychodermatology.net You will be contacted by the Acta Dermato-Venereologica for the payment. We sincerely hope that membership will help develop your interest in psychodermatology and support the endeavours of ESDaP. We do hope that you will consider joining, as we believe that the society has a growing important voice in psychodermatology.

Yours sincerely,

Professor Anthony Bewley BA (Hons), FRCP
Consultant Dermatologist, Barts Health NHS Trust, London. UK
Hon Professor Queen Mary University London
President ESDaP 2021-3 (www.psychodermatology.net)
